

Funding Opportunities & Support Wales

Community Foundations

Community Foundations are a national network of Grant Making Trusts that support small local projects and charities. There are over fifty of them throughout the country. Each one operates independently, making grants at different times and each has different priorities. Most have a grants advisor who is best person to ask for to find out what might be available for you. Do not hesitate to get in touch with them as they are there to fund small grassroots local projects.

CVS - Council for Voluntary Service

Council for Voluntary Services are organisations whose job it is to support voluntary and community action in their borough. Each CVS varies in the services it makes available, but most offer access to training, funding advice, basic facilities such as computers and photocopiers and general support for people trying to set up projects in their community. They all have different names – but Groundswell strongly recommends that you get in touch with the one nearest you.
