

# Funding Opportunities & Support Yorkshire & Humberside

## Community Foundations

Community Foundations are a national network of Grant Making Trusts that support small local projects and charities. There are over fifty of them throughout the country. Each one operates independently, making grants at different times and each has different priorities. Most have a grants advisor who is best person to ask for to find out what might be available for you. Do not hesitate to get in touch with them as they are there to fund small grassroots local projects.
